Professional Summary

React Native Developer with 3.5+ years of experience building high-performance cross-platform mobile applications for Android and iOS. Skilled in React Native, TypeScript, API integration, performance optimization, and end-to-end automation testing using Detox. Recipient of Tech Titans and Digit MasterMind awards at Go Digit Insurance.

Experience

Go Digit General Insurance

Dec 2022 – Present

Software Engineer

Pune, Maharashtra

- Built and maintained customer-facing mobile applications using React Native for Android and iOS platforms.
- Implemented Vision Camera based health declaration flow reducing onboarding time by nearly 30%.
- Integrated payment gateway and push notifications improving transaction success rates by approximately 15%.
- Collaborated with Product Managers, UX designers and backend teams to deliver features end-to-end.
- Conducted code reviews and mentored junior developers, improving overall code quality.
- Worked with React Native, TypeScript, Redux, Firebase, Appsflyer, REST APIs, Reactotron, Android Studio, Xcode and Git.

Projects

General Insurance App

Live Project

React Native

- Built a customer application for purchasing Car, Bike, Health, Travel and Commercial Vehicle insurance products.
- Integrated multiple backend APIs and payment systems to deliver seamless customer experience.
- Application has more than 1M+ downloads with 4.8+ ratings.
- **Play Store:** [View Application](#)

Life Insurance App

Live Project

React Native

- Developed digital health declaration workflow using Vision Camera and Deep Linking.
- Implemented secure and optimized onboarding process for users.
- **Play Store:** [View Application](#)

Portable Washing Station

Innovation Project

Engineering Project

- Designed a low-cost and space-saving washing setup using recycled materials.
- Project was featured in a leading regional newspaper for practicality and affordability.
- **News Article:** [News article link..](#)

Technical Skills

- **Programming Languages:** JavaScript, TypeScript
- **Mobile Development:** React Native, Redux, React Navigation, Vision Camera
- **Testing:** Detox, Jest, End-to-End Automation Testing
- **Backend and APIs:** REST APIs, Firebase, Realm DB, Appsflyer, Payment Gateway Integration
- **Tools:** Android Studio, Xcode, Postman, Reactotron, Git
- **Features:** Push Notifications, Deep Linking, Google Maps, AsyncStorage
- **Soft Skills:** Agile, Problem Solving, Mentoring, Code Reviews

Education

Government Engineering College, Rewa
